RE: Letter of Recommendation for Ellie Goodman

To whom it may concern,

It's my pleasure to recommend Ellie as an asset to your team. Ellie has provided stellar service to our family over the last few years! She worked for us for two summers nannying our two boys and I can't say enough great things. She is a hard worker, on-time, and demonstrates attention to detail in making sure everything gets done. Even goes above and beyond with additional things she notices that need accomplished that weren't on the list. From what I've experienced, Ellie is someone who practices excellence in everything she does.

Sincerely,

Amanda Potter
