To Whom It May Concern,

I have the pleasure of working with and supervising Ellie Goodman while she works as an intern at Fareway Stores, Inc., and am honored to write this letter of recommendation. Ellie began her internship the summer of 2023, and the internship was extended for the remainder of the school year based on her performance. Ellie is an intricate part of our team and I am grateful to have the opportunity to have watched her grow so much in a short time.

Ellie has been involved with various projects during her time at Fareway Stores, Inc. During the summer of 2023, she was paired in a team of five interns who had various projects throughout the summer, while also coordinating together as a group on these projects. These projects included procurement, pricing and promotion, product placement and fundraising for Variety – The Children’s Charity. Ellie was placed as the Data Analytics lead and was responsible for collaborating with our Supervisor team to create various sales dashboards, allowing the team to quickly access information needed to make better business decisions. This fall she has been working on a various Data Analytics projects including user training, extended dashboard creation and data integrity initiatives.

Ellie’s strong work ethic, communication skills, drive to learn more, ability to proactively problem solve, and strong leadership qualities make her an outstanding addition to your team!

Sincerely,
